

June 18, 2007

Dear Developer or Contractor:

The City of Ridgefield is committed to serving its customers with quality services. City staff works diligently to ensure that our customers receive excellent service in the most efficient manner possible.

In an effort to streamline the City's meter reading procedures, we are currently in the process of upgrading our water meters to be capable of being read via radio signals. This upgrade will not only utilize City staff's time more efficiently, but will also ensure accurate reads and billings.

As such the City of Ridgefield will be increasing the Water Meter Installation Fees for all building permits submitted on or after July 2, 2007 as follows:

<u>Meter Size</u>	<u>Meter Installation Fee</u>
5/8"	\$ 425.00
1"	\$ 490.00
1-1/2"	\$ 685.00
2"	\$ 830.00

Should you have any questions pertaining to this matter, please feel free to contact Lindsay Warren, Administrative Coordinator/Public Works at (360) 887-3557.

Sincerely,

The City of Ridgefield

Lindsay Warren
